

Dear Parents,

We are now on a new phone system which is tied in with the church offices. When the office is closed, the phone is put into "Night Mode" which goes right in to the automated menu. If you should call and hear the recordings you should enter our new extension number. Otherwise the phone should ring 4 times. If we do not answer, you will be transferred to our Voice-mail System. Our phone number has not changed.

Thank you,

Nancy Phillips, Director
